## Education History

**Intermediate | DJ Sindh Govt Science, College**  
Class of 2019

**Bachelor of Computer Science | FAST NUCES, Karachi**  
Class of 2021

## Projects

### Data Science:

Applied techniques for perfect Analysis i.e Exploration, manipulation and visualization using **Python**.

- Investigates Netflix Movies Data
- Visualize The History of Nobel Prize Winners
- Analyzing Crime in Los Angeles

### Web Applications:

perfect integration between Frontend, Backend and Database. focused on **Python**

- **Notepad** (HTML, Bootstrap, FastAPI, MongoDB)
- **Grocery-Store app** (HTML, CSS, JS, Jquery, Flask, MYSQL)

### C/C++ :

- Bank Management System
- Console Based OS
- Image Processing

## Skills

- Back-end Technologies
  - **Python : Flask, FastAPI**
  - **JavaScript : Node.js**
- Front-end Technologies
  - **Basic : HTML, CSS, Bootstrap**
  - **Framework : React.js**
- Responsive Web Design
- Communication Skills

## Certifications

### By DataCamp:

( Certificates available on Linkdin )

- Intermediate Python
- Data Visualization Using Seaborn and Matplotlib
- Data Manipulation Using Pandas
- Exploratory Data Analysis (EDA)

## Programming Languages

- C/C++
- Python
- JavaScript
- Assembly

## Language

- English
- Urdu
